The time has come. After a winter of extensive renovations and a year of anticipation, another summer at Camp Nazareth is about to start in just a few days. The grass has been cut daily. The new high ropes course has been built and tested carefully and frequently. The brand new additions to each and every cabin are just waiting for the children of our Diocese to arrive. And a program full of creative and exciting activities has been prepared for the campers. To the children who have been coming here for years, and the ones coming for the first time, get ready to make some memories very soon at this little piece of Paradise on Earth. Let’s go Camp Naz 2016!!!
The counseling staff starts everyday with morning matins during training week.

**MEET THE STAFF**

My name is Jonathan Avril. I go to Slippery Rock University for Parks and Resource Management. This is my first year on staff and I’m one of the Ropes Course Facilitators. I am looking forward to empowering young adults and campers to go out of their comfort zone and experience new challenges to help them overcome obstacles that they may face in their lives. I’ve recently been on a two-week trip visiting 10 different National Parks across America for the Centennial Celebration of the National Park System.

**NOTABLE QUOTABLES**

“Welcome to Camp Nazareth. The Orthodox crown jewel of Western Pennsylvania. “

- Vince Dranginis

“I’m excited to have everyone here at camp and I hope they’re ready to have a good time.”

- Jordan Polanichka

Keep yourselves up to date on this summer’s program at campnazareth.org
