I remember walking out from morning prayers one morning with Father Stephen, and His Grace Bishop Gregory was standing on the veranda of the lodge. We looked up and said, “Good morning.” His enthusiastic reply, “It’s sticky bun day.” Countless times I heard His Grace say things like that with excitement in his voice. Almost every meal His Grace would sit at a different table to break bread and talk with the campers. And the campers loved it as much as His Grace did. Thinking back on summer there are countless moments that will stand out to many. Sports, weeping icons, sticky buns, molebens, arts & crafts, the camp fire, and dining with our beloved hierarch! What a joy this summer was!
