There's something about Camp Nazareth that tends to leave people speechless. Tuesday seemed to be one of those days. The program is incredible, thanks to all the staff who have worked diligently in planning the program.

As per usual, the sports teams have caught on to the sport with ease. The scores for today are higher overall than Mondays scores. The CN Staff would like to congratulate all the teams for their hard work, team work, and positive attitudes on the field. It was mentioned that if you were to imagine a hot dog bun, and put all the teamwork and positive attitudes from the sports field into the hotdog bun, you'd end up with a very large hotdog bun.

Another highlight of the day included the Rusyn Festival, where food was fooded and dancing was danced. There was so much food and dancing, one could have considered the event to be a festival.

R - Raquette
U - Understandment
S - Science
Y - Why
N - Nostalgic

If you can remember those five words, you can remember the word “Rusyn.” Speaking of Rusyn, the camp fire was a success. Lots of incredible singing from an incredible group of campers. S’mores, courtesy of the CN staff - YUM! And a performance by the camp-renowned mariachi band, “Murphy the Church.”

Overall, a great day! Looking forward to Wednesday!
Camper loses tooth, Toothfairy finds it!

Camper reads camp newspaper; camper is now informed.

Fr. Chendorain... We’ve got nothing...

Today’s adventures on the ropes course were really, really, really, really, really....... REALLY FUN! From games to the elements, campers worked hard to accomplish tasks while developing skills in trust and teambuilding. His Grace Bishop Gregory came to see his campers have fun!
